OUR FATHER WHO ART IN HEAVEN.....

50¢ BY GOD

ONE MAN CULT!

GEORGE DAMIFINO WOKE UP ONE MORNING AND FOUND HE WAS THE ONLY HUMAN ALIVE WITH TOTAL FREE WILL!

NO MORE SLAVE OF FATE...

HE KNEW IT MUST BE THE SIGN FROM GOD TO CLEAN UP THE NATION.

I KNOW IT MUST BE THE SIGN FROM GOD TO CLEAN UP THE NATION.

FIRST, HE WILLED RAINS OF DESTRUCTION (FIRE, BLOOD, ETC) ON THE MAJOR CITIES, ALL OF THEM CENTERS OF INIQUITY...

THIS PLEASES ME TO NO END.

AND FOR THE REST, HE SINGLED OUT ALL GAYS, FEMINIST HUMANISTS, DRIVERS WHO NEVER SIGNAL, WOMEN WHOSE GUMS SHOW WHEN THEY SMILE, AND SMALL, YAPPY DOGS AND WILLED THEM INTO PILES OF ROCK SALT.

THEN, FOR GOOD MEASURE, HE WILLED EVERYONE ELSE INTO SMALL FLIGHTLESS AND LEGLESS BIRDS. NO ONE ELSE COULD POSSIBLY BE AS DIVINE AS HE...

BUT THEN HE REALIZED HE'D LOST HIS BIBLE! HE TRIED TO WILL IT BACK, BUT HIS POWER HAD GONE AS ODDLY AS IT HAD APPEARED! WITHOUT HIS BIBLE HE COULDN'T MAKE ANY DECISIONS. HE WAS IN A FIX ---

OH HEAVENLY FATHER, I BESEECH YOU, **HELP ME!** I CAN'T DECIDE WHICH IS WHAT!

OF COURSE THERE WAS NO REPLY, AND THERE NEVER WOULD BE ONE. THE SKY WAS EMPTY.

CULT NEWS

Jim and Tammy Baker continue to dominate headlines with renewed efforts to recover leadership of the multi-million \$ reportedly nearly bankrupt PTL cult. After weeks of self-flagellation during which Tammy supposedly curled up in a fetal ball with only her Bible-on-tape for company, and a guilt-ridden Jim wished "he could die" but then "God wouldn't let me into Heaven if I committed suicide" the couple resurfaced with new legal P.R. and direction from lawyer/actor Melvin Belli....At this writing Oral Roberts needs another hundred bucks or God pulls his Time card....Other Liars in the News: Oliver North ressurected the ghost of John Wayne last week to boost the daytime ratings of all three major television networks. Ollie also nearly out-graced more magazine covers than America's other favorite Boy-Who-Lives-In-A-World-Of-His-Own, Pee Wee Herman....T.V. cultists may rejoice and find great solace and inspiration however, since at long last, the new Tuber's Voice is out! (NO.9 No.9 No.9) write and send offerings to: Couch Potatoes, POB 249, Dixon, CA 95620....Gurdjieff's grandson? That's what he says-among other things. Send sontributions to Romy, Box 742, Westport, CT 06881....Fredrich Nietzsche is still dead after 87 years....Marcel Duchamp celebrates his 100th birthday this year even though he too, is dead...."Bob" remains dead, but send money anyway to the Sub-Genius Foundation, POB 140306, Dallas, TX 75214....Uh Oh..He's Back! Yup, Mr. Natural returns in HUP! #1, a new R. Crumb solo from Last Gasp 2180 Bryant, SF CA 94110 Send news items and monetary offerings to Cult News via MUMBLES POBox 8312, Wichita Kansas 67208 USA....ALL are welcome and ENCOURAGED....BE YOUR OWN CULT....Amen..

John Eberly biography

Born in El Paso, Texas, John Eberly entered the Wichita scene in the mid-1980s as the singer/songwriter for the legendary metal-punk rock band The Mumbles. Being an extraordinarily active artist in those years, Eberly gained an international reputation as an underground cartoonist, producing scads of zines and Xerox publications under Mumbles Publications' umbrella (see "John E." profile in Comics Journal # 96). He has exhibited his drawings, paintings, and collages in solo and group showings worldwide.

Besides performing with his band The Mumbles, Eberly has performed and recorded solo and many other groups and artists. These include Doc Wor Mirran (w/Jello Biafra), The Cutthroats, The Beef Twinkies, The Angry Fuzz, The Eberly Farmers, and The Eberly Brothers, a fake preacher/gospel duo along with artist Joel Sanderson (see Demolition Kitchen).

In 1989 he played saxophone with The Embarrassment. He later formed the band 626 with Bill Goffrier (The Embarrassment, Big Dipper, Saucer) and former Blivets drummer, Local Band, The Deciders, Britt Rosencutter, and currently The Excuses.

Moving to the Hutchinson area in the early 1990s to raise a family and teach Art History at the local community college, John E. remains active in the arts and humanities, working as the director for both the Reno County Cultural Commission and the Hutchinson Art Center. 2004 also saw the publication of John's non-fiction work on the hidden history of alchemy entitled AL-KIMIA (see Amazon.com) through Sophia Perennis publications in Ghent New York, alongside the release of his acclaimed CD "Imagination."

In the past few years, he has been editing dozens of published articles he originally wrote for Caduceus, Abignus, Ariadne's Web, Sufi Journal, and Esoterica, among other scholarly journals for publication as a collection. His "day job" is Film Coordinator for Hutchinson's beautifully restored art deco Historic Fox Theatre, the state movie palace of Kansas, and sound and light crewman for live shows at the Fox Theater and Hutchinson's Memorial Hall. In his "spare" time, John facilitates a group studying and practicing non-dual spiritual states of awareness at the metaphysical bookstore The Dancing Grouse.
